AYATI GREENS 1

2&3 BHK
Homes

Dadri Surajpur Road, Greater Noida

ABOUT THE PROJECT

Ayati Greens 1 is a low-density residential development on Dadri Surajpur Road, Greater Noida, offering **2 & 3 BHK homes** designed for families who value space and privacy over sheer scale.

Each floor holds just **three homes**, so residents share their landing with only two other families a marked departure from the crowded corridors of a typical high-rise. Homes are planned for **natural light, cross-ventilation, and practical, everyday living, with Vastu principles applied** where they genuinely improve how a home feels.

As with every *Ayati Group* development, the layout, materials, and possession timeline for *Ayati Greens 1* were finalised before the project came to market not adjusted around it. What you see on your site visit is what you receive at possession.
